Small Business Programs (OSBP)
where small business makes a **big** difference

Full-scale test version of Space Launch System Booster (Orbital ATK)

NASA Vendor Database
with Subcontracting Module

The NASA Vendor Database (NVDB)

is open to all vendors, both large and small, who wish to do business with NASA. As a representative of your company, you can post capability briefs and register to receive e-mail updates regarding Sources Sought Notices, Requests for Information (RFIs), and Requests for Proposals (RFPs), as well as the Office of Small Business Programs (OSBP) quarterly newsletter, outreach event notifications, and much, much more!

Join the NVDB. Don't have an account? Join today! Go to <http://www.osbp.nasa.gov>, navigate to the “**How To Do Business with NASA**” menu and select “**NASA Vendor Database.**” Follow the easy steps!

NEW Subcontracting Module Added to the NASA Vendor Database

(NVDB) The subcontracting module is now available as a separate option for registrants. By joining the subcontracting module, prime contractors can find subcontracting partners. For firms looking for subcontracting opportunities, this module will provide a list of potential NASA partners. As with the regular NVDB, the subcontracting module is open to both large and small companies. Both current and new registrants must opt in to join the module.

After registering in the NVDB, log into your account, open “**Manage My Vendor Record,**” click on the second tab, “**Subcontractor Details,**” and select “**Yes**” in the drop-down menu to join. Fill in the capabilities text box.

Improve Your Chances to Find Business and Partners

- Ensure that your SAM data is up to date.
- Ensure that all your business development representatives are registered.
- Ensure that your attached capability briefs are up to date.
- Highlight Federal or NASA work in your capability brief where relevant.
- Upload all necessary attachments.
- Plan for subcontracting. Your subcontracting capability statement should emphasize your subcontracting abilities.
