

**STENNIS SPACE CENTER
SERVICE-DISABLED VETERAN-OWNED
SMALL BUSINESS INDUSTRY DAY**

Mark Glorioso

Executive Director, NASA Shared Services Center

NSSC Background

- The NASA Shared Services Center (NSSC) went live in March 2006
- The NSSC provides improved service and cost savings for the Agency by consolidation, standardization, and automation
- The NSSC has transitioned more than 66 services and activities from NASA Centers to the NSSC in the following areas:
 - Financial Management
 - Procurement
 - Human Resources
 - Information Technology
 - Business Support

FY14 NSSC Small Business Goals

- With the exception of HUBZone, the NSSC has met or exceeded all FY14 Small Business socioeconomic goals
- Because we exceeded our goals in the areas of Small Business and Small Disadvantaged Business, the goals for FY15 have been increased while the FY15 goals for HUBZone, SDVOSB and WOSB have remained at FY14 levels

NASA Shared Services Center

- FY14 Small Business Goals vs Actuals

| Socioeconomic Group | FY14 Goals | FY14 Actuals | FY15 Goals |
|----------------------------|-------------------|---------------------|-------------------|
| Small Business | 28.2% | 33.0% | 29.7% |
| HubZone | .3% | .2% | .3% |
| SDB | 2.0% | 4.6% | 3.4% |
| SDVOSB | .3% | .3% | .3% |
| WOSB | 3.4% | 3.6% | 3.4% |

Upcoming Contract – EAST 2 (Solicitation)

- The EAST2 draft RFP was released December 12, 2014
- The draft document included strong Small Business subcontracting goals, including a Small Business subcontracting goal of 26% and Service-Disabled Veteran-Owned Small Business goal of 7%
- Industry was given the opportunity to comment on the draft RFP, including these tentative goals (deadline was Jan. 20)
- After consideration of comments from industry and further coordination with OSBP, the subcontracting goals will be finalized
- The final RFP for EAST2 will be released on or about March 4. It may contain slightly different subcontracting goals than the 26% and 7%; still, the emphasis on Small Business subcontracting will remain strong and the Service-Disabled Veteran-Owned Small Business subcontracting goal will be aggressive
- For more information see www.nssc.nasa.gov/east2

NASA Shared Services Center

- Among the great successes for which the NSSC is most proud is our work through the Small Business Innovative Research (SBIR) Program and the Small Business Technology Transfer (STTR) Program
- If Service-Disabled Veteran-Owned Small Business companies are interested in work at NASA / NSSC – please respond to our Synopses of Proposed Contract Actions online at www.FedBizOpps.gov
