Open Topic Search

Search Keywords  Search  Reset

NOTE: The Solicitations and topics listed on this site are copies from the various SBIR agency solicitations and are not necessarily the latest and most up-to-date. For this reason, you should visit the respective agency SBIR sites to read the official version of the solicitations and download the appropriate forms and rules.

If no search results for your keyword(s) were found, you are encouraged to review Agency omnibus solicitations for additional funding opportunities. Omnibus solicitations are structured to be broad, extensive Programmatic issuances with research areas related to the petitioning Agency and are not limited to predetermined Topics/Subtopics. If upon reviewing you have additional questions, you may consider reaching out to the respective Agency for clarification regarding acceptable proposals (https://www.sbir.gov/agency-contacts).

ON-LINE TUTORIALS

The On-Line Tutorials is a set of courses designed to help interested parties learn more about the Small Business Innovation Research (SBIR) and the Small Business Technology Transfer (STTR) programs. As individuals learn in different ways, information in each course is presented in three different formats. Pick a format and then use that throughout. The Video format is designed for people who learn best by listening to others speak; while the Multimedia format, the default in each course, provides a mixture of text and video clips. For those that prefer to read, you can simply select the text or pdf version. The tools section contains materials to help facilitate both learning and retention. To see if you have truly mastered the materials in each course, be sure to take the short quiz either as a pre- or a post-test.
